DWARF APPLES

2A12—Big, full size fruit on miniature trees. Plant 10 by 10 ft. or in hedges 6 ft. apart. Ideal for restricted areas. No flowering tree is more graceful or beautiful in flower. Available in Red Delicious, Yellow Delicious and Cortland. 3 yr. fruiting age, 4 to 6 ft. trees, \$4.25 each; 3 for \$11.95.

(Rose Multiflora) 2H17—A practical living farm fence. Rose Multiflora is recognized by U.S. Soil Conservation Service as a practical farm fence. Present recommendations are to plant 1 ft. apart in a single row. Note above picture. For full information write Soil Conservation Service, Elsberry, Missouri. The plants are hardy and well adapted to most all soils and climates. Fine for game protection and the attractive plants are filled each fall with beautiful seed pods that are fine for game food. The general use of Rose Multiflora is just beginning but records prove its value for conservation and an inexpensive farm fence that will last generations.

Big demand, limited supply. We suggest early orders.

Ohio Small Fruit Improvement Association's REGISTERED RASPBERRIES The World's Best

Almost disease free; every plant individually hand tipped, graded and dug by members of the Association under strictest inspection and regulations permitting 1% or less virus disease and not more than ¼% of gall in parent plants. Spring Hill does not recommend you purchase these extra quality plants unless you can plant them away from uninspected raspberries. An isolated patch with proper care will far outyield ordinary plants and remain healthy for years. We can supply Bristol, Logan, Cumberland and Giant Latham in registered plants.
